Beto (Ethiopia) May 2013

Dear Friends,

Last month we went to a small place, called Beto. It took us 13 hours to get there by bus. Beto has around 8,000 people and it was their first public gospel crusade. We were supposed to be in another city but the authorities refused to give us any public venue, so we had to find an alternative location in a very short time and went to Beto.

The pastors were very, very grateful for our coming and were very excited about the gospel campaign. Around 2,000 people showed up for a single meeting. A number of people gave their hearts to Jesus and quite a number of people testified to having been healed. Many received the baptism in the Holy Spirit and spoke in other tongues, as in Acts 2. There was great joy and excitement amongst the people.

This month is our last campaign before the rain season and we will continue again in September. In August we are going to Kigali, Rwanda for gospel meetings. The local AOG church invited us to come.

Thank you very, very much for your support and your prayers. Without your help we couldn't go. You have a big part in this work.
