## Matahara (Ethiopia) July 2013

Dear Friends,

in June we went to a sugar cane plantation near **Matahara**. It was a very hot place about 200 km east of Addis Abeba. The plantation is 25,000 acres big and has several camps for the workers and their families. We went to one of the camps to preach. There are 1,000 reapers whose job is to cut the sugar cane with big machetes. One worker earns around \$1.50 – 2.00 per day.

The people had great hunger and great expectation. It was the first gospel outreach on the plantation. We experienced wonderful services and on the weekend we had around 1,500 people in a single service. It was amazing to see how the people worshiped God with all their hearts and all their being.

Many surrendered their hearts to Jesus and we witnessed many healing miracles. Their worship must have been a well pleasing offering and must have reached the throne of God. God responded and poured out his spirit upon them. The atmosphere was right for God to move. God always wants to move but we often don't create the right atmosphere for him to move. God moves in an atmosphere of faith, when we expect great things from a great God.

On Saturday I preached on the Baptism of the Holy Spirit and afterwards a wind came and it started to rain. The rain fell in the natural and in the Spirit. Acts 2 repeated itself.

It is a great privilege to preach the gospel to the poor. The poor heard Jesus gladly and it is still true today. People in the first world have everything, in need of nothing, but spiritually they are poor, blind and naked. If Jesus would come today the first would be last and the last would be first.

In July we don't have any gospel campaign. It is rainy season. In August we will preach in the second largest town of **Rwanda**, in **Butare**. We have an invitation from the local AOG church.

I wish you all a wonderful summertime and thank you for every support. Without your help we couldn't go and do this work. One day we will reap whatever we have sown, if we believe and faint not.

For 3 years she was bent over. God healed here and now she can walk upright again.

An insect stung him in his foot, when working in the field. Since then, one side of his body was numb and cold. During prayer he felt a warm sensation coming into his body and he was healed.

She fell on her head and afterwards couldn't walk very well, had constant headaches and couldn't see clearly. Now she is healed.

After 8 years of kidney pains he is healed.

Her vision was blurred. Like looking through a curtain. Now she can see clearly again.

For 3 years he had pains in his joints. He couldn't lift his arm and do his work. Jesus healed him.

For 8 years he suffered from earaches, heard noise, and fluid came out of his ears. Now everything is normal.

She had a tumor in her belly. It shrunk and is almost gone. She doesn't feel any pain any more.
