## Gedeb (Ethiopia) June 2014

Dear friends,

From **4 to 8 June** we were in the south of Ethiopia, in **Gedeb**. Six churches had invited us for an evangelistic outreach. I was the first white preacher to preach there.

Although it rained almost every day, people came anyway. The ground sometimes turned into a field of mud, but the people were hungry for the Word of God and came in droves.

Many made a decision for Jesus and many were healed and received the Holy Spirit.

The people were full of gratitude and excitement that we had come, and tears were shed when we said goodbye. We were overwhelmed by the warmth and love of these people.

The mud and rain could not deter them from receiving God's Word.

Several amazing miracles followed the prayer of faith for the sick.

From **2 to 6 July** we will have our next evangelistic outreach in Ethiopia. Please pray for us and continue to help us as you feel moved to do so.

Many thanks and best wishes,  
*Ekkehard Hornburg*

For two years, this man had been blind in his left eye. Now he can see again.

For four years she had had a painful tumour on her stomach and she was only able to come with her husband's help. The tumour has now disappeared. She was supposed to be having an operation in two months; but that will not be necessary now.

For seven years she had walked and stood in a constantly bent-over position (like the woman in Luke 13:11). Everyone in the village knew her, and great rejoicing broke out when the woman showed that she could now stand and walk upright.

She had suffered from severe toothache for a year. The tooth had gone septic and was swollen. During prayer, all the pain and swelling disappeared.

During prayer, he saw a supernatural fire. The next moment, something or someone left him. His ten-year-long diabetes is now over.

For eight years, one eye had been almost completely blind and, due to severe shoulder pain, he could not lift his arm. Now he can see normally again and his shoulder is healed.

He had spent the last two months in bed and was dying. He came to the meeting and was completely healed of diabetes.

Due to evil spirits he had lost his mind and had to abandon his studies. During prayer he was set free.

This child was born deaf and her grandmother explained that she could hear for the first time after prayer.

This woman had had a squint for nine months. Now she can see normally again.

## Healing Testimony from Mrs. C. Nuzum

*"I am come that you might have life"*

John 10:10

I was born sick. My mother said that when I was a baby I cried most of the time. I never had any real childhood. While other children ran and played, I sat and talked to the older people. I had rheumatism all my life until the Lord healed me. My arm was so crippled that I could not put it back or up, but it is now free. My knee was so stiff that I could not straighten it, nor go up or down stairs. I can now run a block to catch a car, and my limbs are as supple as those of a girl of sixteen. My heart beat sometimes as though it would leave my body and at other times it seemed to stand still. Again it would tremble so it would cause a profuse perspiration. It pained me as though knives were being thrust through it. I can now go to the top of a mountain and not know I have a heart. I have been completely delivered from paralysis of the left side, and can now walk eight miles and feel fine the next day. I have been entirely delivered from constant fever and pain in the head, and from extreme nervous prostration. In my young womanhood, I was reported dead several times, and when I was graduated from school I had to sit down and rest while reading my thesis.

For 27 years I was never one moment free from pain. I would gaze like a charmed bird at a healthy-looking face, and would gladly have given all that I owned if I could have felt for ten minutes as well people seemed to feel. My sufferings were such that I would rather have died than live. I was treated by the best doctors money could secure, and all concluded by saying the same thing, "There is not a sound spot in her to build health upon." My last doctor was a specialist who had been used to raise people from death's door to health. After a long, careful examination he said, "No doctor or medicine can cure you. You will have to die very soon. If you have any preparations to make, do it quickly."

What a shame to me that I had to be forced to take God as my physician instead of choosing Him. But, oh, how gracious He was to receive me and heal me, so that now at the age of 71, I am doing the work of three women and have not lain in bed from sickness for so long that I cannot remember when I did so last. From having no strength, I have come to have the Lord's strength; from constant sickness to have His health; from forcing food just as I did the bitter medicine, I have come to have an excellent appetite, so that I can eat even the plainest food and enjoy it and never fail to eat a hearty meal, and every bite is sweet. Catarrh had destroyed my sense of smell. Now I can enjoy the perfume of the flowers. I wore glasses all the time.

Now I use only a little reading glass, but thread my needle and sew without a glass. My sense of taste was so lost that both sugar and salt were as sand. Now, how good all food tastes! My hearing was so nearly gone that people were passing me before I heard them coming. Now I have ordinary hearing. For two years I scarcely slept at all; now I sleep like a baby. Then I could enjoy nothing; now I have the deepest enjoyment of all the things God gives me and especially Himself, His fellowship, communion, and Word. Truly, "old things are passed away; behold, all things are become new; and all things are of God."

God did I all, and blessed be His name forever. I might add that I have worked strenuously 365 days a year for 13 years, with only two little vacations, and am in good condition now. When I look back at what I was, and see what I am, it seems incredible.

God protects as well as heals, I used to have a cold frequently. Now I go for years without a cold even when greatly exposed. Now He keeps me from taking disease even when praying for the sick in close rooms, and when my hand is laid on those who have the most contagious diseases.

Is not His name rightly called, "Wonderful"? My tongue cannot express the greatness of my deliverance, but my heart goes out to my great Deliverer in adoration, worship, praise loyalty and thanksgiving. Who would not desire to be fully yielded to such an almighty, gracious loving One? My desire is to be one with Jesus in all things. How far we come short of this! How sweet are the words, "Conformed to the image of Christ." Oh, to so live that we may not hinder God, but let Him do this for each one of us.

*From her book: "The life of Faith", 1928*

*Mrs. Nuzum was for many years a missionary to Mexico.*
