**Doyogena (Ethiopia)
November 2015**

Dear friends,

From **21 to 25 October** we were in **Doyogena**, a place we had been to for the first time five years ago. The pastors had been asking us to come back for a long time. We were actually supposed to have been in the stadium of Nekemte, but permission was withdrawn two weeks beforehand. So we went to Doyogena.

A team of pastors from Bogota (Colombia) were visiting us. Pastor John Romick from "Mission Colombia" leads Colombia's largest Bible school there (about 3,000 students). He came with six pastors and taught in the morning seminars. They wanted to see and experience what God was doing in Ethiopia. Thanks to their help we were able to distribute about 1,000 books by Kenneth Hagin among the pastors and leaders in Doyogena.

Many people received Jesus in those five days and many experienced healing. On the last day, the Holy Spirit fell on many hungry people.

We have our next outreach from 18 to 22 November and then again a week before Christmas, from 16 to 20 December.

Please help us if you can with a special donation. If it were not for a large special donation that we received last month, we would not have been able to continue now.

On 12 December we have a **prayer breakfast** in Frankfurt am Main with Suzette Hattingh and Jens Garnfeldt from Copenhagen. Please sign up for that. You will not be disappointed. Everyone will be blessed and receive prayer. God will also do the same things here as in Africa.

I greet you warmly with Micah 3:8: "I am filled with power, with the Spirit of the Lord."

Pastor John Romick and his team

His left ear had been deaf for one year. Jesus opened his ear and he can hear again.

For eight years he had been unable to sleep. Following prayer for healing, he went home and slept like a baby, he said.

This woman said she had crawled to the meeting on her hands and feet. She had been suffering from pain all over her body. Jesus lifted her up.

She had been almost completely blind for four years and could hardly make anything out. She said to the crowd: "I can see you all."

Her goitre had been so big she had been unable to turn her neck to the left or right for the past seven years. Following prayer the goitre receded and she could move her neck again.

She had had diabetes for three years. She testified that the disease had left her.

"People were expecting me to die," this woman said. She had been bound to her bed for eight years. She often fainted and suffered from high blood pressure. Here she is testifying to her healing.

She had had a tumour in her breast for three years. It has now disappeared.

One ear had been completely deaf since birth and the other almost deaf. Now he can hear for the first time with both ears.

One ear was almost deaf, her eyesight was poor, she had pain in her shoulders and could hardly walk. Someone brought her to the meeting by motorbike. She got rid of all the symptoms and is healed.

She had been tormented by evil spirits since childhood. Jesus set her free.

She had suffered from haemorrhoids for ten years and was constantly bleeding. Now she is free from suffering.

This man had been blind in his left eye for three years. After prayer, he could see again.
