

MISSION REPORT

ETHIOPIA
NOVEMBER, 2021

Dear Friends,

At the end of October and beginning of November we had another two evangelistic campaigns in Ethiopia.

In both places it was the first evangelistic campaign. The first place was 95% Islamic and the Christians there are in the minority. For the first time they were given the stadium for a meeting and the pastors were so thankful that we had come. They begged us to come back again in a year's time. It is always a delight to see what the preached word does. The word is like the seed that produces a harvest. It brings about salvation, healing, deliverance, revival ... The farmer can pray and fast for a harvest as long as he likes, but if he doesn't sow any seed, it is all in vain. Healing happens when you preach healing. Salvation happens when you preach salvation, and so on. In several cases we saw people being set free from demons and then finding themselves healed. Jesus said: These signs will accompany those who believe in my name: They will drive out demons. They will speak in new tongues; they will lay their hands on sick people and they will get better. The power is in the word of God and the name of Jesus!

One woman had hardly been able to walk for 15 years and was brought to the meeting. During prayer, she was set free from evil spirits and suddenly she could run. Many people also received the Holy Spirit.

Then the following week we were in a different town. Here, too, it was the first public evangelistic campaign and people received Jesus as their Saviour and Healer, and many received the Holy Spirit.

At the beginning of December we'll be in Nigeria for our first evangelistic outreach with our own

equipment and we are already very excited about that. Then we are off to Ethiopia again in the second week of December.

We are urgently waiting for our new truck, which has been sitting at the port of Djibouti for two months and can't leave there because our importer doesn't have the money to pay the customs duties, although we gave him the money for it months ago. Now we've had to pay the duties again (\$17,000) because the government would have otherwise put the truck up for auction.

This year, with God's help and yours, we've been able to conduct a total of 15 evangelistic campaigns, purchase a new Land Cruiser and truck for Ethiopia and carry out our first evangelistic campaign in Nigeria. It looks as if God is expanding our boundaries, and we want to trust him for even more.

Thank you so much for sending us, as whoever is unable to go themselves should send someone. The commission to go into all the world applies to all Christians, but not everyone can go themselves.

I send you best regards and wish you a blessed pre-Christmas season,

Ekkehard Hornburg

HEALING TESTIMONIES

ETHIOPIA

For two years she had had lung problems and could hardly breathe. Now she has no more symptoms.

He had been suffering from haemorrhoids for 40 years, which caused bleeding. He was healed.

For two years he had had pain from the loins upwards and could hardly move his neck and arms. Jesus became his doctor.

This young man was saved and healed. For six years he had had a growth on his chest that has disappeared.

He had a motorbike accident and was unable to move either his arm or shoulder. The doctor said he had a broken rib. All his pain has gone and he can move his arm and shoulder freely.

She had been suffering from heart problems for two years. She couldn't walk far and was short of breath. Here she was walking without any discomfort.

She was short-sighted and had been squinting for four years. Now she can see clearly and distinctly again.

HEALED OF CANCER

how faith works

Frederick K.C. Price

I noticed a little growth under the skin about the size of a green pea as I was showering one day. I didn't pay any attention to it. But as time went on it grew to the size of a dime, then to the size of a quarter, and then it was back to that silver dollar size, and the pain was almost unbelievable. I could hardly bear to have my shirt lie against it. I couldn't lie down on my right side because it hurt so badly. It hurt like somebody would take an ice pick and stick you in the eye.

But now, at this point in my life, I knew what the Word said! I'd found out that God Himself my Heavenly Father said, "... I am the Lord that health thee" (Exodus 15:26). And at this point in my life I knew that God said, "... Himself took our infirmities, and bare our sicknesses" (Matthew 8:17). And I'd found out 1. Peter 2:24 says, "... by whose stripes you were healed." So I said, "Bless God, if I were - (were is past tense) - then I was. If I was - then I am!

In January 1972 I took my bible. I stood up in my room. And I said, "Father, I want to call you into record. Holy Ghost, I call you into record. Jesus, I call you into record as a witness. Angels of heaven, I call you into record. Satan and all his demons, I call you into record this day that I take my stand on the Word of the Living God.

"I declare with my mouth, according to Matthew 8:17, which says, "... Himself took our infirmities, and bare our sicknesses." If he took mine and bore mine, then I don't have to take them and bear them. And according to 1. Peter 2:24 which says, "... by whose stripes you were healed." If I was, then I am. "And then, Mark 11:24 says, "...What things soever you desire, ..." I desire to be well. "...when you pray..." I am praying now. "... believe that you receive them, ..." I now believe that I receive healing for this tumor condition. "...and you shall have them." I declare with my mouth that I believe that I receive, therefore I shall have it. "I thank you for it, Father. That settles it. **I believe I am now healed.**"

That was in January, 1972. January, February, March came - three months later. The growth grew larger and the pain grew worse. There was no physical change for the better whatsoever. In fact, the physical change went for the worse. During that time **I never said I was healed.** Jesus never said to say that you have the thing. He said **to say that you believe you have it.** That's the difference. And what I believe is based on what He told me, so I can't be lying about it.

We looked at the account of the angels at Dothan. The angels were already there. Gehazi just couldn't see them.

When God by His Spirit gave him the manifestation of the discerning of spirits Gehazi saw into the spirit world. And he was horses and chariots of fire. But they were already there. He just couldn't see them in the natural.

All right, so **if Jesus tells me to believe that I receive when I pray, then whatever I believe that I receive must already be in existence.** It is my faith which brings them into manifestation. So I said, "Father, I thank you, **I believe that I am healed.**"

I couldn't have used my body as evidence I was healed, because I still had the tumor. In the natural the tumor was still in my body. In fact, it had grown larger and it hurt worse. **I never said I was healed.** I never said I didn't hurt. If I had said that I didn't hurt, I would have been lying. I never talked about anything in the natural. I ignored it. **All I talked about was what I believed.**

I would never confess what I felt. I would I never confess what I saw. **I would only confess with my mouth what I believed,** and I couldn't be lying because Jesus told me to believe it. He told me when I prayed to believe that I received it and then I'd have it. **So all I did was say, "I believe that I am healed."** And I did. I believed it because he told me. I didn't believe it because I felt like it - because I didn't feel like it.

I never went around saying I didn't hurt when in fact I did hurt. If you that you're getting over into the realm of Christian Science and the mind science religions.

You're saying the thing doesn't exist. We're not saying sickness and disease don't exist. I've never said the tumor wasn't a reality. I never said it wasn't there. I never said the thing wasn't hurting. I didn't say anything about it at all. I ignored it. **I only talked about what I believed.**

And I said, **"I believe that I am well. I believe that I am healed."** And I did believe because the Word of the lord said **to believe that I receive** and **I'd have it.** Bless God **I believed that I received it** and I was prepared to stand there ten million years if it took that long for the physical evidence to come.

January, February, March, April, May, June – six months later. And the growth grew larger, and the pain grew worse. Satan was screaming in my ear, “You are a fool, Fred Price. You’re not healed. Reach over there and touch it. Feel it.” (See how all of that – touch, feel – is in the sense realm. If Satan can get you over in the sense realm, he’ll whip you. But if you keep him in the faith realm, you’ll destroy him. You’ll put him under your feet.)

I told him, “Devil, I didn’t say that I was healed because I looked like it. I didn’t tell you that I was healed because I felt like it. I said that I believe that I’ve received my healing. I received it in January. I received it then based on the Word of God. And **I believe** that I am healed now. IF you say I am not, you are a liar. And you are one anyway, Jesus said you were the father of it. If you don’t believe I am healed, you are going to have to argue with God, because He wrote it and I am doing what He told me. **I believe that I am healed.**”

In my body I didn’t feel healed. But I wouldn’t confess what my body said. Often I felt bad and somebody would ask, “I heard you received your healing. How do you feel?”

(That’s the normal, natural transition of questions. “I heard that you were healed – how do you feel?” See? And that’s the door that opens up for Satan to walk right in and defeat you.)

Wenn jemand mich fragte, „Fred wie fühlst du dich?“ dann antwortete ich: „Preis den Herrn, gemäß dem Wort Gottes, 2. Kor. 5,7 „...wandeln wir im Glauben und nicht im Schauen. Gottes Wort sagt mir in Markus 11,24, dass was immer ich mir wünsche, ich dafür bitten soll und dann glauben soll, dass ich das Erbetene empfangen habe und es wird dann kommen. Ich habe gebetet und **ich glaube, dass ich meine Heilung empfangen habe.** Ich lebe im Glauben und nicht im Schauen, deshalb geht es mir gut. Wie geht es dir?

Siehst Du es? Ich habe nicht gelogen. Ich habe einfach das Natürliche nicht in Erwägung gezogen. Ich beschäftigte mich nur mit dem Geistlichen. Nur mit dem was ich glaubte (nicht fühlte, spürte oder sah). Hätte ich mit meinem Mund gesagt: „Ich habe keine Schmerzen“ dann hätte ich gelogen.

I didn’t say that. I said only what I believed. I said: **“I believe** that I am healed.” And I did.

Because the Word of God told me. July, August, September – nine months later. Every day in my prayer time I said, “Lord, I thank you. **I believe that I am healed.**” I never said I was. He said that I was. **I believed** what he said, so **I believe that I am. By faith I believe that I am healed.**

Because my **faith** is based **on the Word of God** and He said that by His stripes I was healed, **I have the evidence.**

Faith is my evidence, according to Hebrews 11:1. I could. Not look to my body. My body had no evidence that I was healed. My body had evidence that I was sick. But I didn’t look at my body. I looked only to the Word of God.

The Word of God said that with His stripes I was healed. So that’s what I kept saying, because that’s what I was believing.

October, November. Over 300 days I kept saying every day, “Lord, I thank you. **I believe I am healed. I believe I am healed.** I didn’t feel like it. The growth continued to grow larger and the pain grew worse. All that time, I never did confess what I felt an I never did confess what I was, I confessed only what I believed. I had the Bible as my evidence, the Word of God. **Until you can prove with your body that you are healed, you have to rely on God’s Word in faith.**

Once you have the physical manifestation in your physical body, then you can say, “I am healed. Examine my body and see.” **Until your physical body shows the signs of the healing then you can say, “I believe I am healed. Look at the Word of God. It proves it.”** Because God said it, nobody will argue.

Ende November oder Anfang Dezember – ich weiß es nicht mehr genau – duschte ich und seifte mich mit einem Waschlappen ein. Als ich meine rechte Seite wusch spürte ich den ständigen Schmerz nicht. Ich legte den Waschlappen bei Seite und betastete meine Brust. Das Ding war verschwunden. Ich weiß gar nicht wann es verschwunden ist und es ist mir auch egal. Es ist damals verschwunden und ist bis heute verschwunden. **Der Glaube hat es vertrieben.**
